

In the Claims

Please amend the following claims:

B1
Sub C1
Cont

11. (Amended) A method of providing topical analgesia to a subject comprising topical administration of a pharmaceutical composition comprising morphine, lidocaine and a physiologically acceptable topical excipient in an amount and a duration sufficient to potentiate a synergistic antinociceptive response at peripheral sites.

16. (Amended) The method according to claim 11, wherein the morphine is administered in a dose of about 0.01% to about 25%.

B2
Sub C1
Cont

17. (Amended) The method according to claim 11, wherein the morphine is administered in a dose of about 0.1% to about 10%.

18. (Amended) The method according to claim 11, wherein the morphine is administered in a dose of about 0.5% to about 5%.

19. (Amended) The method according to claim 11, wherein the morphine is administered in a dose of about 0.01% to about 1%.

20. (Amended) The method according to claim 11, wherein the morphine is administered in a dose of about 0.01% to about 0.05%.

22. (Amended) The method according to claim 11, wherein the lidocaine is administered in a dose of about 0.01% to about 25%.

B3
Sub C1
Cont

23. (Amended) The method according to claim 11, wherein the lidocaine is administered in a dose of about 0.1% to about 15%.

24. (Amended) The method according to claim 11, wherein the lidocaine is administered in a dose of about 0.5% to about 5%.

25. (Amended) The method according to claim 11, wherein the lidocaine is administered in a dose of about 0.01% to about 1%.

26. (Amended) The method according to claim 11, wherein the lidocaine is administered in a dose of about 0.01% to about 0.05%.

Please cancel claims 12-15 and 21 without prejudice.
